

## **Stickbug Token**

**3/15/24**

Embark on an enchanting journey into the heart of Stickbug on Hedera, a universe where your very possession of the Stickbug token becomes a magical key, unlocking an extraordinary domain brimming with delightful rewards! Envision yourself, a devoted member of this vibrant community, not just basking in the fellowship of fellow Stickbug aficionados but also reaping the benefits of monthly dividends, directly sourced from our robust vesting account.

Stickbug emerges as a captivating and innovative force within the Hedera network, redefining the essence of digital asset investment with an unprecedented flair. Reminiscent of the strategic diversity found in mutual funds, Stickbug ingeniously amalgamates liquidity pools comprised of leading cryptocurrencies poised for significant market growth. This pioneering strategy offers investors a comprehensive playground of crypto market exposure, all while anchored securely within the unprecedented efficiency and expansiveness of the Hedera network. As a champion of decentralized joy and playfulness, Stickbug paves the way with its renounced contract, a finite treasure of 10,000,000 tokens, and an inviting landscape of zero tax on transactions. The realm is further enhanced with enticing utility NFTs and liquidity pools thoughtfully paired with Hedera's most formidable tokens, setting the stage for a new era of trading exhilaration on Hedera.

This bugpaper will take you through a detailed exploration of the token's distinctive features, versatile use cases, and its promising horizon, unraveling the tapestry of Stickbug's envisioned future.

StickBug operates on the principle of synergy, harnessing the collective strength of leading blue-chip cryptocurrencies known for their growth potential. By weaving together a diversified investment tapestry with vehicles like xSauce-Stickbug or Grelf-Stickbug, StickBug ingeniously mitigates risk while amplifying potential returns for its investors. A detailed compendium of our meticulously curated pools, complete with insightful explanations, is readily accessible at <https://stickbug.org/portfolio/>.

At the heart of StickBug is a relentless drive to enhance liquidity within its ecosystem, thereby catalyzing a thriving marketplace for both traders and investors. By the strategic management of

liquidity pools and cultivating symbiotic partnerships, StickBug aspires to streamline trading activities and magnetize a diverse investor demographic. Looking ahead, StickBug is poised to innovate by integrating liquidity with cross-chain tokens, all the while maintaining a robust liquidity framework on the Hedera network.

## **StickBug DAO**

As we journey into the second quarter of 2024, StickBug is on the verge of a transformative evolution, transitioning into a Decentralized Autonomous Organization (DAO). This paradigm shift heralds a new era of empowerment for our vibrant community, metamorphosing StickBug enthusiasts into pivotal decision-makers and contributors in steering the ecosystem's course.

The StickBug DAO will serve as the nucleus of communal decision-making, perfectly embodying our ethos of decentralization. This move underscores our commitment to cultivating a sense of ownership and collective responsibility among our fervent community members.

In a gesture of inclusivity, StickBug will introduce exclusive Voting NFTs, which will act as the conduits for exercising voting rights on pivotal proposals, upgrades, and initiatives within the StickBug DAO landscape.

This initiative is meticulously designed to appreciate and galvanize our most engaged community members by distributing Voting NFTs gratuitously to those who have consistently shown their unwavering dedication. This strategy not only cherishes our staunchest allies but also broadens the horizons of governance participation.

Token holders blessed with these Voting NFTs will be ennobled, gaining the privilege to actively sculpt the future of StickBug DAO. The community will be empowered to propose, deliberate, and cast decisive votes on a gamut of suggestions, ensuring that StickBug's trajectory is ever-responsive to the collective will.

In this exciting chapter, StickBug confidently strides towards a future where every member's voice is not just heard but is instrumental in drafting the narrative of our shared journey.

## **StickBug Tokenomics Overview**

**Token Information**

*Token ID:* 0.0.4352885

*Treasury Account:* 0.0.4351585

*Token Symbol:* stickbug

*Supply Type:* Finite

*Max Supply:* 10,000,000

*Initial Supply:* 10,000,000

*Decimals:* 4

*Keys:* None

*Tokens in Circulation:* 4,982,403.354

**Circulation Details:**

The circulating supply is calculated by deducting the following from the Max Supply:

*Vesting:* 1,049,110

*Token Lock:* 1,073,300.965

*Token Burn:* 2,715,184.931

*Treasury:* 180,000.75

**Liquidity Pool**

*Initial LP:* 1000 xSauce, completely burned

*Burn URL:* <https://davincigraph.io/devs/burns/pools/saucerswap-1-0.0.1460200-0.0.4352885>

*Burn Address:* 0.0.3158042

**Vesting**

*Initial Amount:* 1,049,110

*Total Period:* Over one year (1/6/24 - 1/4/25), with token release every 14 days.

*Utility:* Funding for NFT airdrop and marketing

*Vesting URL:* <https://davincigraph.io/devs/vestings/tokens/0.0.4352885>

*Vesting Address:* 0.0.4357916

### **Token Lock**

*Amount:* 1,073,300.965

*Utility:* Funds are to be added to NFT liquidity; any excess is added to the vesting fund.

*Lock URL:* <https://davincigraph.io/devs/locks/tokens/0.0.4352885?contractId=0.0.2997798&lockerId=0.0.4351585>

*Lock Address:* 0.0.2997798

### **Token Burn**

*Current Amount Burned:* 2,715,184.931

*Schedule:* To be announced (TBA)

*Burn URL:* <https://davincigraph.io/devs/burns/tokens>

The outlined tokenomics define a sophisticated mechanism behind the StickBug project, ensuring a strategic allocation of tokens for various critical purposes including liquidity, marketing, and controlled supply reduction. The detailed URLs provide transparency and access to real-time actions relating to the tokens' life cycle.

The Stickbug NFT Collection stands at the forefront of the NFT revolution, offering a unique combination of artistic creativity, uniqueness, and practical benefits, making it a standout in the digital realm. With a limited minting of 430 NFTs, this collection is designed to enrich its holders, providing them with monthly earnings from a variety of sources, including transaction fees and a dedicated liquidity pool.

At its essence, each Stickbug NFT is not just a piece of digital art; it is a passport to ongoing rewards and an active stake in the collection's flourishing ecosystem. Priced at 200 HBAR, the collection not only promises exclusivity but also signals its commitment to delivering value to its holders, ensuring a premium and rewarding experience. This strategic price point reflects the anticipated value each NFT will bring to its owner over a minimum of three months, cementing its status as a coveted digital asset.

In essence, the Stickbug NFT Collection is a vibrant tapestry of opportunity, artistry, and investment, woven together to offer an unmatched experience in the digital assets space.

## Team

Stickbug. Lead Project developer and designer—an unboxed lead developer and NFT designer who blends groundbreaking blockchain technology with striking artistic talent. This pioneer crafts not just digital assets but immersive experiences, pushing the boundaries of what NFTs can be. Their work captivates and challenges, marrying code with creativity in the ever-evolving digital landscape. Step into the world they've created, where each Stick Bug NFT is a testament to innovation and artistic exploration. A trailblazer in both development and design, they're shaping the future of digital art and blockchain, one Stick Bug at a time.

"Post Master" Kyle Post. Community engagement Manager & Lead Hand: The dynamic community manager and athletic program creator for Stick Bug. Kyle's expertise in fostering engaging communities and his passion for developing innovative athletic programs are at the heart of Stick Bug's mission to inspire and connect. With a knack for understanding the pulse of the community and a vision for incorporating athleticism into the digital realm, Kyle is revolutionizing how we interact with digital spaces. His work is not just about building connections; it's about creating experiences that motivate, challenge, and unite us. Kyle Post is truly shaping a new era for Stick Bug enthusiasts everywhere.

poncho.hbar( FUD SLAYER): Introducing our dedicated community moderator for Stick Bug, a linchpin in maintaining the vibrancy and positivity of our digital ecosystem. With an unwavering commitment to fostering an inclusive and engaging environment, they expertly navigate the dynamic world of online interactions, ensuring that every member feels valued and heard. Their role extends beyond moderation; it's about building connections, encouraging collaboration, and creating a space where passion for Stick Bug thrives. This moderator isn't just overseeing a community; they're the heartbeat of it, ensuring a welcoming and enriching experience for all.

## Enhanced Roadmap

### ***Q1 2024: Establishing Foundations & Expanding Reach***

**Launch Events:** Initiated with our Token Launch, setting the stage for expansive growth.

**Strategic Listings & Audits:** Critical milestones with listings on SaucerSwap, Coingecko Terminal, alongside a comprehensive Sentinel Audit, boosting our project's credibility. - 

**Community & Engagement:** Successfully launched our Discord community, verified our Twitter community, and saw an impressive surge, breaking 40K in liquidity. ✅

**NFT & Governance Initiatives:** Unveiled our first NFT collection and laid the groundwork for community-led governance with the initiation of a vesting schedule. In progress

**REDACTED**

**Strategic Partnerships & Exchanges:** Forged a pivotal partnership with blue-chip developers and secured listings on Kucoin and SaucerSwap Farm, expanding our market presence. - In progress

***Q2 2024: Amplifying Impact & Diversifying Engagement***

**Market Expansion:** Stepping into the cross-chain with marketing initiatives tailored for impact and listing on DEXs broadening our reach. Coming soon!

**Engagement & Partnerships:** Cemented relationships with major advertising platforms, amplifying our visibility and engaging a broader audience. - Coming soon

**Innovation in Governance:** Launched Governance NFTs, marking a significant milestone in community-driven decision-making and engagement. -Coming soon

**Community-Led Innovation:** Established the Stickbug DAO, empowering our community to steer project development, emphasizing decentralized governance.- Coming soon

This roadmap underscores not only our accomplishments but also sets the stage for an inclusive, innovative future driven by our community and partnerships.

## **Disclaimer for Stick Bug Token, Stick Bug NFTs**

Please read this disclaimer carefully before engaging with Stick Bug Token, Stick Bug NFTs, and Stick Bug Athletics NFTs (collectively referred to as "Stick Bug Assets"). Your interaction with any of the Stick Bug Assets indicates your understanding and acceptance of the terms laid out in this disclaimer.

**General Notice:** Stick Bug Assets are digital assets that operate on blockchain technology. They are subject to various risks, including but not limited to market risk, liquidity risk, regulatory risk, and technology risk. The value of Stick Bug Assets can be highly volatile and could diminish to zero. You should only engage with Stick Bug Assets if you are knowledgeable about digital assets and blockchain technology and fully aware of the risks involved.

**No Guarantee of Value:** There is no guarantee that Stick Bug Assets will retain their value, appreciate, or serve as a reliable store of value. The performance of Stick Bug Assets in the past does not provide a reliable indicator of future performance.

**Not Financial Advice:** Information provided about Stick Bug Assets, whether on our official website, social media channels, or through other means, is for educational and informational purposes only and should not be construed as financial advice. We recommend consulting with a qualified financial advisor before making any investment decisions related to Stick Bug Assets.

**Regulatory Uncertainty:** The regulatory status of Stick Bug Assets and blockchain technologies is uncertain and can vary in different jurisdictions. Changes in regulations or the interpretation of existing laws could negatively impact Stick Bug Assets, potentially including restrictions on the ownership, transfer, or possession of Stick Bug Assets.

**No Ownership Rights:** Holding Stick Bug Tokens or NFTs does not grant you ownership rights, equity, or any implicit profit-sharing in the projects, teams, or platforms associated with Stick Bug Assets. Stick Bug Tokens and NFTs are digital assets that grant you access to certain functionalities or experiences as outlined by their respective projects.

**Technological Risks:** The Stick Bug platform and its Assets rely on the functionality of blockchain technology, which is subject to risks such as hacking, software vulnerabilities, and technological failures. Participants should be aware that there is a risk of losing their entire investment due to technological issues.

**No Liability:** The creators, developers, and promoters of Stick Bug Assets are not liable for any losses or damages that may arise from your purchase, sale, or interaction with Stick Bug Assets, including but not limited to losses due to technological failure, market volatility, or regulatory changes.

By interacting with Stick Bug Assets, you acknowledge and agree that you have read, understood, and accepted all terms and conditions outlined in this disclaimer. You also affirm that you are engaging with Stick Bug Assets at your own risk, fully aware of the potential for losses, and that you bear the sole responsibility for your investment decisions.
